

Hey guys, do participate in the Campus Ambassador program of Krishi Manthan. It is a great opportunity this year as all the events have gone online and so there is no compulsion to visit the campus for the event. All the events of Krishi Manthan can be attended online.

This year we have many industry stalwarts for workshops and speaker sessions around the new innovations and great strategies in agribusiness.

Do check all the details on the official website of Krishi Manthan here.
